AGENT'S REPORT

Flu Clinics – The Town Wide Flu Clinic and Senior Flu Clinics were held resulting in a total of 110 vaccinations. No decision has been made regarding the use of the VNA next year. They will no longer be monitoring the MAVEN, but will assist with wellness, flu clinics, etc. Dennis has been in contact with Cheryl Rawinski (Sutton's Public Health Nurse) and will meet with her to discuss the possibility of her monitoring the MAVEN.

Tobacco – Members are continuing to gather information for the next meeting which will be held on January 11th.

Tahanto – Dennis said they inspected the septic; a squirt test was done; some lines need to be cleaned. Each pump treats the entire field rather than alternating. It is not known if the pumps will work if one fails; they are looking into that. Dennis will not sign off on the project until it is in full compliance.

Nature's Way (Sewall Street) – There is an approved plan but the builder wants to change one of the systems (it was based on a particular level). Dennis will only allow it with the approval of the original engineer who received the approval from the board.
