July 31, 2015

Martin McNamara  
Town Administrator  
221 Main Street  
Boylston, Massachusetts 01505

Dear Mr. McNamara:

Thank you, once again, for your inquiry into the possible deployment of Verizon FiOS in Boylston.

We are pleased that communities such as Boylston have expressed strong support for FiOS service. You have continued to express your interest in establishing cable competition within the town to Verizon on many occasions, along with your willingness to negotiate a local cable franchise agreement.

However, Verizon is not expanding into any new municipalities at this time.

Once again, thank you for your interest in this matter.

Sincerely,

A handwritten signature in black ink that reads "Ellen Cummings". The signature is written in a cursive, flowing style.

Ellen Cummings  
Regional Director  
Verizon Government Affairs
