23.3: Right to Farm Declaration

Approved -02-May 2016 – Annual Town Meeting

General By-Laws of the Town of Boylston, Massachusetts

The Right to Farm is hereby recognized to exist within the Town of Boylston. The above-described agricultural activities may occur on holidays, weekdays, and weekends by night or day and shall include the attendant incidental noise, odors, dust, and fumes associated with normally accepted agricultural practices. It is recognized that agricultural practices may impact others; however, the benefits of farming to the neighboring community and society more than offsets such impact. The benefits and protections of this By-Law are intended to apply exclusively to those commercial agricultural and farming operations and activities conducted in accordance with generally accepted good agricultural practices. Moreover, nothing in this Right to Farm By- Law shall be deemed as acquiring any interest in land, or imposing any land use regulation, which is properly the subject of state statute, regulation, or local zoning law.

23.4: Disclosure Notification

Not later than 21 days after the purchase and sale contract is entered into, or prior to the sale or exchange of real property if no purchase and sale agreement exists, for the purchase of real property, or prior to the acquisition of a leaseholder interest or other possessory interest in real property, located in the Town of Boylston, the landowner shall present the buyer or occupant with a disclosure notification which states the following:

“It is the policy of this community to conserve, protect and encourage the maintenance and improvement of agricultural land for the production of food, and other agricultural products, and also for its natural and ecological value. This disclosure notification is to inform buyers or occupants that the property they are about to acquire or occupy lies within a town where farming activities occur. Such farming activities may include, but are not limited to, activities that cause noise, dust and odors. Buyers or occupants are also informed that the buyers’ property within the Town may be impacted by commercial agricultural operations.”

A copy of the disclosure notification shall be given on a form prepared by the Town and shall be signed by the landowner prior to the sale, purchase, exchange or occupancy of such real property. A copy of the disclosure notification must be filed with the Board of Selectmen or its designee prior to the sale, purchase, exchange or occupancy of such real property.

Any person who seeks to complain about the operation of a farm may, notwithstanding pursuing any other available remedy, file a grievance with the Board of Selectmen, the Zoning Enforcement Officer, or Board of Health, depending upon the nature of the grievance.
