

# WICKED GROSS SCIENCE AND Lego Engineering

**Sponsored by Boylston Parks & Recreation**

*Choose one OR Both sessions!*

**Wicked Gross Science** is for kids entering grades K-5 and will be held at the Recreation office the week of August 1st-5th from 9am-12pm

Gross science is not the easily quesy! The gross yet fascinating things in life may hide many science secrets, like what's hidden in a diaper. Kid chemists can discover acids and bases and make putrid potions that buddle and burp. We will create alien slime, dissect owl puke and grow gross bacteria.

Slither with snakes and slimy worms and find out what's behind that smell - Ewww!!

Wicked gross science is guaranteed to be grossly amusing!

**Lego Engineering** is for kids entering grades 1-5 and will be held at the Recreation office the week of August 1st-5th from 1pm-4pm.

LEGO engineering includes STEM-based challenges and free building. We will build mechanisms that incorporate gears, flywheels, and cams to build amazing contraptions. We'll crank up the fun using creativity to build with LEGOs in problem solving challenges. Design a spinning eggbeater or create a car to carry LEGO bricks uphill.
