### **OTHER BUSINESS**

Worcester Tobacco Coalition – Megan DeNubila (Worcester Division of Public Health) was in attendance. They are working on developing current regulations for the eighteen municipalities that are part of the Coalition. She provided the board with the Local ETS Regulation Checklist as well as a Sample Regulation Restricting the Sale of Tobacco Products to review. She will also provide the board with a list of towns that have regulations; different towns have different regulations. Ms. DeNubila said she could educate the schools and has had good success with setting up “84 Group” chapters. Sarah will email the principal and Dennis will send the contact information. It will be a time commitment for the board to write regulations, but there are many resources available to use as a guide. The board will focus more on youth access rather than banning.
