Property Owner (if different)

Book Page

5. This request is for certification that (check one):

☐ **Complete Certification:** It is hereby certified that the work regulated by the above referenced Stormwater Control Permit has been satisfactorily completed.

- ☐ **Partial Certification:** It is hereby certified that only the following portions of work regulated by the above referenced Stormwater Control Permit have been satisfactorily completed. The project areas or work subject to this partial certification that have been completed and are released from this Order are:

- ☐ **Invalid Stormwater Control Permit:** It is hereby certified that the work regulated by the above referenced Stormwater Control Permit never commenced. The Stormwater Control Permit has lapsed and is therefore no longer valid. No future work subject to regulations under the Stormwater Control Bylaw as contained in Section 9 of Article VI of the General Bylaws of the Town of Boylston, in the Commonwealth of Massachusetts, may commence without filing a new Stormwater Control Permit Application and receiving a new Stormwater Control Permit.

- ☐ **Ongoing Conditions:** The following conditions of the Stormwater Control Permit shall continue. **Include conditions contained in the Stormwater Control Permit, such as maintenance or monitoring that should continue for a longer period.**

B. SUBMITTAL REQUIREMENTS

Upon completion, the applicant must provide the Commission with certification that the project was completed per the approved plans and that all conditions were met. Details on what is required for the certification is listed in the Stormwater Control Bylaw Regulations.

The applicant must also provide the Commission with detail as to who the responsible parties for the implementation of the ongoing operation and maintenance plan will be, and that they understand the requirements of the plan, including inspection reports, and stormwater management facility maintenance.

If the provided information is satisfactory, the Commission will issue a Certificate of Compliance. This Certificate of Compliance will include ongoing conditions such as implementation of the maintenance plan.
