11. Homeowners Exemption Affidavit

Mass State Building Code Section 108.3.5 and 5116.1

The current exemption for "**Homeowner**" was extended to include **owner-occupied dwellings** of two (2) units or less and to allow such homeowner to engage an individual for hire that does not possess a license provided that the **Owner acts as the supervisor.**

Mass State Building Code

Definition of Homeowner: *Person(s) who owns a parcel of land on which he/she resides or intends to reside, on which there is, or is intending to be, a one to six family dwelling, attached or detached structures accessory to such use and/or farm structure. [A person who constructs more than one home in a two-year period shall not be considered a homeowner.]*

Such "**Homeowner**" shall submit to the Building Official, on a form acceptable to the Building Official, that he/she shall be responsible for all such work performed under the building permit.

The undersigned "**Homeowner**" assumes responsibility for compliance with the State Building Code and other applicable codes, by-laws rules and regulations.

The undersigned "**Homeowner**" certifies that he/she understands the Town of Clinton's Division of Inspectional Service, Department of Code Enforcement minimum inspection procedures and requirements and that he/she will comply with said procedures and requirements.

The code states that "Any Homeowner performing work for which a building permit is required shall be exempt from the provisions of this section (Section 108.3.5 Licensing of Construction Supervisors) provided that if a homeowner engages a person(s) for hire to do such work, that such Homeowner shall act as supervisor."

Homeowners who use this exemption are assuming the responsibility of the supervisor

(See CMR-5 Rules and Regulations for Licensing Construction Supervisor,)

This lack of awareness often results in serious problems, particularly when the Homeowner hires an unlicensed person. In this case the BBRS cannot proceed against the unlicensed person as it would with a licensed Supervisor.

The Homeowner acting as a Supervisor is ultimately responsible.

To ensure that the Homeowner is fully aware of his/she responsibilities, as part of the permit application.

The Homeowner certify that he/she understands the Responsibilities of a Supervisor,

And accepts full responsibilities for complying with the Code and all applicable State, Federal and Town of Clinton's By-Laws and Rules and Regulations

INFORMATION AND INSTRUCTIONS

Massachusetts General Law Chapter 152 requires all employers to provide worker's compensation for their employees. Pursuant to this statute, an employee is defined as "...every person in the service of another under any contract of hire, express or implied, oral or written."

An employer is defined as "an individual, partnership, association, corporation or other legal entity, or any two or more of the foregoing engaged in a joint enterprise, and including the legal representative of a deceased employer, or the receiver or trustee of an individual, partnership, association or other legal entity, employing employees. However the owner of a dwelling house having not more than three apartments and who resides therein, or the occupant of the dwelling house of another who employs persons to do maintenance, construction or repair work on such dwelling house or on the grounds or building appurtenant thereto shall not because of such employment be deemed to be an employer."

MGL chapter 152§25C (6) also states that **"every state or local licensing agency shall withhold the issuance or renewal of a license or permit to operate a business or to construct buildings in the commonwealth for any applicant who has not produced acceptable evidence of compliance with the insurance coverage required."** Additionally, MGL chapter 152§25C (7) states "Neither the commonwealth nor any of its political subdivisions shall enter into any contract for the performance of public work until acceptable evidence of compliance with the insurance requirements of this chapter have been presented to the contracting authority."

Applicants

Please fill out the workers' compensation affidavit completely, by checking the boxes that apply to your situation and, if necessary, supply sub-contractor(s), name(s), address (as) and phone number(s) along with their certificates(s) of Insurance, Limited Liability Companies (LLC) or Limited Liability Partnership (LLP) with no employees other than the members or partners are not required to carry workers' compensation insurance. If an LLC or LLP does have employees, a policy is required. Be advised that this affidavit may be submitted to the Department of Industrial Accidents for confirmation of insurance coverage. **Also be sure to sign and date the affidavit.** The affidavit should be returned to the city or town that the application for the permit or license is being requested, **not** the Department of Industrial Accidents. Should you have any questions regarding the law or if you are required to obtain a workers' compensation policy, please call the Department at the number below. Self-insured companies should enter their self-insurance license number on the appropriate line.

City or Town Officials

Please be sure that the affidavit is complete and printed legibly. The Department has provided a space at the bottom of the affidavit for you to fill out in the event the Office of Investigations has to contact you regarding the applicant. Please be sure to fill in the permit/license number, which will be used as a reference number. In addition, an applicant that must submit multiple permit/license application in any given year, need only submit one affidavit indicating current policy information (if necessary) and under "Job Site Address" the applicant should write "all locations in Clinton, MA." A copy of the affidavit that has been officially stamped or marked by the city or town may be provided to the applicant as proof that a valid affidavit is on file for future permits or licenses. A new affidavit must be filled out each year. Where a homeowner or citizen is obtaining a license or permit not related to any business or commercial venture (i.e. a dog license or permit to burn leaves, etc.) said person is not required to complete this affidavit.

The Office of Investigation would like to thank you in advance for your cooperation and should you have any questions. Please do not hesitate to give us a call.
