*Town Administrator's Report*  
*November 22, 2021*

- 1. *Konica Printer:*** The large capacity printer in the mailroom has been out of service since last week. One of the boards is no longer working in the machine, and due to supply chain issues, they have been experiencing long wait times for Konica Minolta parts, like several months. We purchased the printer used five years ago from Expert Laser. Expert Laser has since been bought out by Automated Business Solutions and they no longer support Konica Minolta printers. We may be looking at purchasing or leasing another machine. I will be looking into multiple vendors.
- 2. *Commonwealth Charitable Fund Grant Received:*** I received a letter today from Lane, Greene, Murtha & Edwards letting me know that the Boylston Council on Aging has been selected to receive a \$2,500.00 grant from a giving fund established by the late Dr. Lillian A. Luksis to benefit the Boylston COA. I am much appreciative of this gift and will be passing along the good news to the COA.
- 3. *Straw Hollow Engine Works:*** The engine club sent in a letter thanking the town for allowing them to hold their engine show on the field uphill from the town hall. They are requesting permission from the town to hold the event in 2022 on August 13<sup>th</sup> and August 14<sup>th</sup> at the same location.
- 4. *NSTAR Notice of Filing and Public Hearing:*** I have included in your packet a notice received from the Department of Utilities. The letter gives the Zoom information for a public hearing to be held on December 1<sup>st</sup> and December 2<sup>nd</sup>. They will be discussing the Green Communities Act and the Companies Three Year Proposed Plan.

Re: Lillian A. Luksis Charitable Giving Fund

Dear Ms. Steward:

Dr. Lillian A. Luksis established the Lillian A. Luksis Charitable Giving Fund within the Commonwealth Financial Network Donor Advised Fund in December, 2017. After she died in 2018, I became the grant advisor for the fund.

In making decisions as to grant recipients, I have tried to follow what I believe to have been Dr. Luksis' interest in local charities and their service to the residents of central Massachusetts communities.

Town of Boylston has been selected to receive a grant this year. Enclosed is a check in the amount of \$2,500.00 together with a letter from Commonwealth Charitable Fund which provides additional information.

If you have any questions, please contact me.

Sincerely,

T. Ashley Edwards

Petition of NSTAR Electric Company d/b/a Eversource Energy, pursuant to G.L. c. 25, § 21, for approval by the Department of Public Utilities of its Three-Year Energy Efficiency Plan for 2022 through 2024.

On November 1, 2021, NSTAR Electric Company d/b/a Eversource Energy ("Company"), filed with the Department of Public Utilities ("Department"), a petition for approval of a three-year energy efficiency plan for calendar years 2022 through 2024 ("Three-Year Plan"). The Company filed its Three-Year Plan pursuant to An Act Relative to Green Communities, Acts of 2008, c. 169, § 11 ("Green Communities Act"). The Department docketed this matter as D.P.U. 21-129.

The Green Communities Act requires the Commonwealth's electric and gas distribution companies, and municipal aggregators with certified efficiency plans (together, "Program Administrators") to develop, in consultation with the Energy Efficiency Advisory Council ("Council"), plans that provide for the acquisition of all available energy efficiency and demand reduction resources that are cost effective or less expensive than supply. G.L. c. 25, § 21. The Company's proposed Three-Year Plan includes energy efficiency programs for residential, low-income, and commercial and industrial ("C&I") customers. The proposed Three-Year Plan also incorporates the Company's Residential Conservation Service filing pursuant to G.L. c. 164, App. § 2-7(h).

The Company's proposed budget for its Three-Year Plan is \$1,261,608,396 (i.e., \$330,129,205 in 2022, \$380,176,148 in 2023, and \$551,303,043 in 2024) and includes a performance incentive. If the Company's Three-Year Plan is approved as proposed, the Company states that customers could experience the following bill impacts:

- A residential customer (R-1) in Eastern Massachusetts using 500 kilowatt-hours ("kWh") of electricity per month could experience a monthly bill increase of

\$2.29 or 1.8 percent in 2022; a monthly bill increase of \$4.19 or 3.3 percent in 2023; and a monthly bill increase of \$5.70 or 4.4 percent in 2024;

- A residential customer (R-1) in Western Massachusetts using 500 kWh of electricity per month could experience a monthly bill increase of \$2.15 or 1.8 percent in 2022; a monthly bill increase of \$4.19 or 3.5 percent in 2023; and a monthly bill increase of \$5.70 or 4.6 percent in 2024;
- A low-income residential customer (R-2) in Eastern Massachusetts using 500 kWh of electricity per month could experience a monthly bill increase of \$0.26 or 0.3 percent in 2022; a monthly bill increase of \$0.05 or 0.1 percent in 2023; and a monthly bill increase of \$0.02 or zero percent in 2024;
- A low-income residential customer (R-2) in Western Massachusetts using 500 kWh of electricity per month could experience a monthly bill decrease of \$0.12 or 0.2 percent in 2022; a monthly bill increase of \$0.06 or 0.1 percent in 2023; and a monthly bill increase of \$0.01 or zero percent in 2024;
- Actual bill impacts may be lower for customers who participate in energy efficiency programs that lower their electricity consumption;
- Bill impacts for C&I customers will vary. These customers should contact the Company for specific bill impact information.

**Due to certain ongoing safety measures and precautions relating to in-person events as a result of the COVID-19 pandemic, the Department will conduct two virtual public hearings to receive comments on the Company's filing.** The Department will conduct two public hearings using Zoom videoconferencing:

Any person who desires to participate in the evidentiary phase of this proceeding must file a written petition for leave to intervene with the Department. A petition for leave to intervene must satisfy the timing and substantive requirements of 220 CMR 1.03. The following persons/entities who desire to participate in the evidentiary phase of this proceeding must file a written petition for leave to intervene with the Department not later than the close of business on **Tuesday, November 2, 2021**: (1) voting and non-voting members of the Council; (2) any entity whose interests are represented on the Council; (3) any person/entity that has participated in the Council process; and (4) any person/entity that was previously granted intervention as a full party or limited participant in a three-year energy efficiency plan proceeding. All other persons/entities who desire to participate in the evidentiary phase of this proceeding must file a written petition for leave to intervene with the Department not later than the close of business on **Monday, November 15, 2021**. Receipt by the Department, not mailing, constitutes filing and determines whether a petition has been timely filed. A petition filed late may be disallowed as untimely, unless good cause is shown for waiver under 220 CMR 1.01(4). To be allowed, a petition under 220 CMR 1.03(1) must satisfy the standing requirements of G.L. c. 30A, § 10. All responses to petitions to intervene must be filed by the close of business on the second business day after the petition to intervene was filed.

Ordinarily, all parties would follow Sections B.1 and B.4 of the Department's Standard Ground Rules (D.P.U. 15-184-A, App. 1 (March 4, 2020)) regarding the filing of documents. However, at this time, all filings will be submitted to the Department only in electronic format, consistent with the Department's June 15, 2021 Memorandum addressing continued modified filing requirements. Until further notice, parties must retain the original paper version of the filing and the Department will later determine when the paper version must be filed with the Department Secretary.

All comments or petitions to intervene must be submitted to the Department in **.pdf format** by e-mail attachment to [dpu.efiling@mass.gov](mailto:dpu.efiling@mass.gov) and [jeffrey.leupold@mass.gov](mailto:jeffrey.leupold@mass.gov).
